

# Bin Audit

1. Write down the locations of rubbish bins at school.

---

---

---

2. Mark the location of bins on a school map. Discuss the locations.  
Are they convenient, easily accessible, close to eating areas?

3. Select one full bin. Empty the contents onto a plastic sheet.

Separate rubbish and list in the following categories:

(If touching waste ensure gloves are worn and hands are washed thoroughly.)

	Percent of Total (%)
Paper and cardboard	_____
Milk and juice cartons	_____
Recyclable plastics (1,2,5)	_____
Steel and aluminium cans	_____
Food scraps	_____
Avoidable items	_____
Reusable items	_____
Rubbish items	_____
	<b>100%</b>

What percentage of our school rubbish could we prevent by reducing, reusing recycling or composting? \_\_\_\_\_
